

Event management website

1. Introduction

- **Purpose:**

The purpose of our event management website is to provide a centralized platform for organizing, promoting, and managing various events. Whether it's a corporate conference, a wedding, a music festival, or a community gathering, our website aims to simplify the event planning process for both organizers and attendees.

- **Scope:** Display upcoming events with essential details (date, time, location, theme).
- Enable attendees to register for events online.

2. Design and Layout

- **Homepage:**

- Header with navigation
- Moving section which displays events
- Details description containing details of events listed in moving section

- **About Page:**

- Contains contact details such as email , phone number and name.
- Navigation button to go to home page

- **Registration Us Page:**

- Detailed form for registration.
- Interactive navigation bar.
- Validation for form field to fill correct data.

2.2 Color Scheme and Fonts

- **Color Scheme:** Use warm and inviting colors such as shades of blue, green, and orange to create a friendly and caring atmosphere.
- **Fonts:** Choose readable fonts for both headings and body text. Examples include Ga Maamli,Bebas, Neue,Playwrite ES Deco.
